

# AgMag Jr.

## Agriculture is Everywhere!

Look around and you will see **agriculture** everywhere. What is agriculture? It's growing plants and farm animals. It's workers making things grown on farms into things we use. It's food, clothes and much more!

**Do you wear clothes?**

Circle your answer. **Yes** **No**

**Do you eat food?**

Circle your answer. **Yes** **No**

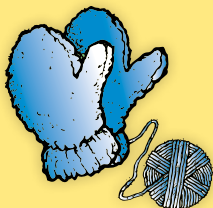

**Do you use pencils and paper?**

Circle your answer. **Yes** **No**

All these things came to you from agriculture!

How did they start out? Write **p** for plant.  
Write **a** for animal.

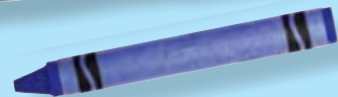

# Agriculture is in your home.

Circle things you have in your home.

# Agriculture is in your school.

Draw a box around things you use in school.

What is your favorite school lunch food? Draw it here.   
Tell how it comes from agriculture.

# Agriculture is everywhere in your community.

Check (✓) the things you like to do.

Visit a farm

Play sports

Shop

Eat ice cream

Visit a library

**Your turn!** Tell how **farmers** and agriculture give us all the things on these pages. Write **agriculture** below.

---

---

# Farmers make great pizza!

The foods in pizza come from agriculture. Some of them are tomatoes, onions, mushrooms, green peppers, cheese, sausage, pepperoni and the crust (wheat).

**What's in your favorite pizza?**

	 hamburger	 veggie	 pepperoni
 Joe			
 Ann			
 Juan			

## Pizza Picks

In each child's row put a smiley face under the pizza they like.

**1.** Joe likes pizza with no meat.

**2.** Ann likes pizza with toppings that begin with the same letter as "pizza."

**3.** Juan likes meat but not pepperoni.

Who likes pepperoni?

---

Who likes hamburger?

---

Who likes veggie?
